
remove header title

Posted by deycha - 2007/12/26 18:28

OK, probably no one understood what i wanted to say, so i will simplify i it:
where can i find _EAB_OBJ_ETTL? I can only find it in a language file, but where else? please i need it urgent!

EDIT: sorry, i wanted to reply to my topic, and i pressed the post reply button above, but it turned out that it is post topic button.

to simplify it further: how can i make that "header title" is NOT necessary filed?
please, someone?
