
Bug in Manage Configuration

Posted by sktan7 - 2008/02/04 19:42

After installation for your Mister Estate,
I encountered some error.

This happened after I clicked on the Manage configuration. This error appears even before I could do anything.

I cannot save anything and noticed that there was error.

It was indicated in the following:

Line: 293

Char: 67

Error: Expected ')'

Code: 0

URL:index2.php?option=com_estateagent&act=configEA
