## field names - changing names

Posted by j0s3 - 2008/01/23 15:58

---

Hi all,

i'd like to change some of the field names - Object Location, Object Data and so on

can somebody let me know how to do this please?

i used phpmyadmin to take a look at the tables but i can't find those values

thanks

jose

Look in the language files, e.g. components\com-estateagent\languages\english.php
