
Misterestate translations

Posted by horus_68 - 2008/02/09 19:18

For future versions of mister estate could we start the work on translations

I've already parcial translated the previous version (portuguese pt-PT) and wish to start on the new language file.

You could release the languages files at JoomlaCode so we could start working on it

Salut

J'ai hâte que tu le traduises, je galère depuis une semaine...
