dear admins!dear users!

first of all great job with ME...my congratulations.

i have one question about ME:

how can i organize the order of my objects individually? new objects always appear at the bottom of the list. i want to order them individually, how can i do that?

i gladly recompense this by using the donation button on your homepage :)

best regards

christoph

PS: by the way do you know when the next update will be available?
