
Menu link

Posted by Vick - 2008/04/05 16:51

Can anyone axplane to me how i make the link to teh ME component so that i can see it in my frontende? I've tried somethings, but i can't get it to work

=====

Re:Menu link

in administration select from 'menu' menu the voice 'main menu'. then click on 'new' and select 'component'. Finally select misterestate component. Ok now you have got a MisterEstate link on main menu. Bye
