More then 10 images by add???

Try this go to file admin.estateagent.php check line +- 942 and replace:

```
$lists = mosHTML::integerSelectList( 1, 10, 1, 'ea_maxpics', 'class="inputbox"', $ea_maxpics, $format="" );
```

FOR:

```
$lists = mosHTML::integerSelectList( 1, 20, 1, 'ea_maxpics', 'class="inputbox"', $ea_maxpics, $format="" );
```

This will show 20 images, but you must go to config file and select the images you want
