## (Solve) security images - captcha

Posted by lenaB - 2006/05/22 14:20

---

Hi,

I'm having spam with the com\_contact and I'm planning to use captcha to prevent it.

Is a capcha (security image component) integration is plan for EA or is someone implent it?

Thanks

Hi,

Good news!!

I have implement the Security Images in EA.

I will test it this afternoon and let you know how to do it.

here is the secutityimages component

[http://extensions.joomla.org/component/option,com\\_mtree/task,viewlink/link\\_id,116/Itemid,35/](http://extensions.joomla.org/component/option,com_mtree/task,viewlink/link_id,116/Itemid,35/)

\*A new version of security images was annoned and probably available monday.  
and there is only 5 lines of code to put in EA to make it work!!

Thanks!

Hello LenaB, would you be so kind to enlight us with those 5 lines?

I would like to try SecurityImages 3.0.4.

Hi,

Sorry I was very busy.

There is a new version for Security Images so I will update it and test it and let you know if it's working ok.

These lines are mentionned in the admin panel of Security Images.

---

A+

Hello Lena,

any news about implementing Captcha?

Hello,

I'm also interested in implementing this feature, so if there is any progress just let me know.

Thank you!

have u seen the date of the post?

2006/05/27....

is there already a solution?
